

The working unit **AG Persönlichkeit & Motivation** (Prof. Dr. Markus Quirin) of **TUM Fakultät für Sport- & Gesundheitswissenschaften** is seeking for a

Student Assistant

to support **Research** and **Teaching** from **November** on (or later) in the area of

Motivation, Coping with Stress and Personality Development

The position as a student assistant starting in November at the earliest is open for applications. The workload is a minimum of 6 hours per week. The compensation varies based on qualifications, at a rate of €12.00/hour (without a bachelor's degree) or €13.60/hour (with a bachelor's degree).

We look for:

a motivated psychology student who has an interest in these topics, possess excellent English language skills, and is interested in quantitative research and its associated statistical methods. Primarily, you will be supporting an interdisciplinary project on "Personality Growth" (www.personality-growth.org).

We offer:

- A young, open-minded, and international team.
- Diverse and challenging tasks at the forefront of research.
- In-depth insights and strong involvement in our research activities.
- A relatively flexible work arrangement regarding location and time, so your studies are not compromised.
- The possibility to integrate your bachelor's/master's thesis or project studies with the specified topic. Requests for supervising theses or research internships in this area are possible regardless of the advertised position.

Process of Application:

Please send the following application documents in a PDF document via email no later than **31st October 2023** (at best) to m.quirin@tum.de:

- brief statement of motivation
- Curriculum Vitae (especially degrees, grades, practical and academic experiences)
- transcript of records (updated)

Please use the following subject line: "Application for Student Assistant Position 2023". We look forward to receiving your application!
